

Aerial Work Platforms – Articulated Manlifts- Propane

60' Platform Machines

Improved Reach and Versatility

An innovative articulating JB is now available on both telescopic and articulating models. For improved up-and-over height and increased horizontal outreach, articulating models feature a completely revised boom configuration. All models provide higher-strength booms for less deflection and an improved sense of stability.

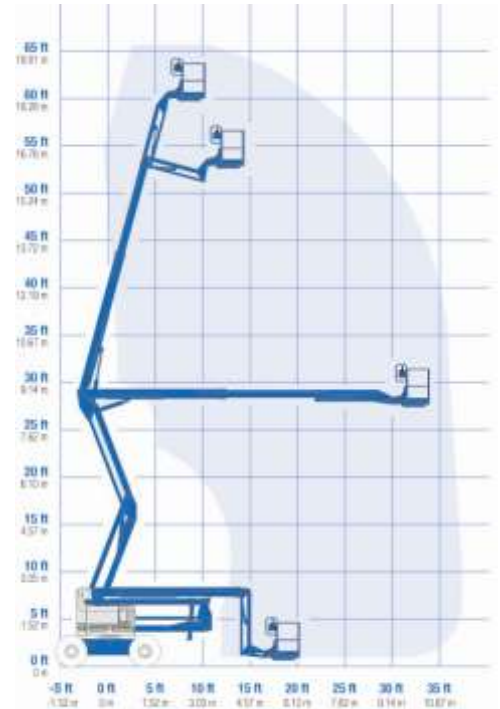

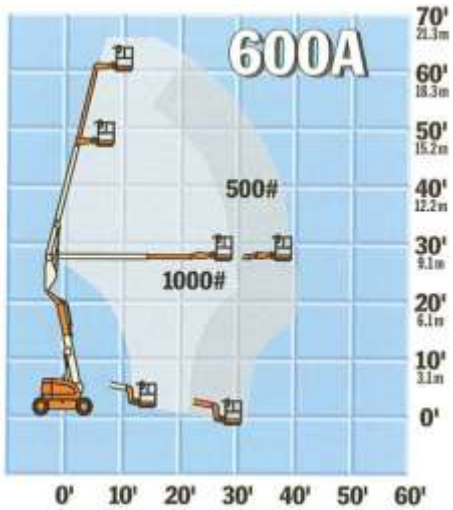

4-Wheel Drive and Steer Options

Genie Z60/34 2427, 2577, 2581
